Annual Report of School Board,

FOR THE YEAR ENDING AUG. 1, 1898.

Nine schools, 178 weeks in all, were attended one-half day or more, by 150 scholars.

Fall term, 9 schools, 88 weeks.

Winter term, 2 schools, 20 weeks.

Spring term, 7 schools, 70 weeks.

Number weeks taught by male teachers, 20.

“ “ “ “ female “ 158.

Number scholars in primary grade, 100.

“ “ intermediate “ 38.

“ “ grammar “ 12.

Besides primary school No. 2, Nos. 1, 6, 8 and 9 are, practically, primary schools. Give these the best of teachers.

Number pupils 5 years and over, attending school not less than two weeks in the year, 139, for this number we draw our Literary Fund.

Having perfect attendance for the year, 8. Viz: Myra Closson, primary, No. 2; Jane M. Briley, No. 3; Grace L. Swain, No. 6; and Lena Foote, Blanche Kelley, Laura Libbey, Otis Libbey and Natt Libbey, No. 9. These last five, with Minnie Kelley, Emma Perry and Amos Libbey, all of No. 9, had perfect attendance the preceding year, also. This is a school

of 15 scholars—a record without parallel, we think, in the school records of this town.

Between 5 and 16, not attending school at all in the year, 1.

Number between 5 and 16, reported by enumerating officer in April, boys, 51, girls, 62, total, 113.

Between 14 and 21 unable to read and write, none known.

NO. 1, CLOUGH SCHOOL.

Miss Ardella Brown, teacher. Good work. Final examination satisfactory. Only one term.

NO. 2, PRIMARY.

Miss Grace Morse, teacher. An excellent school. Primary language studies used with great efficiency. Three terms.

NO. 2, GRAMMAR.

Three terms and three teachers. Good progress by most of the scholars; very good by some. More firmness in the enforcement of a wholesome discipline would have rendered the school more profitable. Percent of attendance, unusually good.

NO. 3, EAST WARREN.

Miss Myrtie Kittredge, in both terms, worked earnestly, wisely and faithfully.

Of the fall terms in No. 4, Beech Hill, the only term there, Swain, No. 6, Summit, No. 7, Ore Hill, No. 8, and Foote's, No. 9, we can say there was

honest, intelligent labor by teacher and scholars, with satisfactory results.

The spring term on Ore Hill was reduced to a small number, by the removal from town of nearly one-half of the scholars.

Swain school in the spring term, taught by Mrs. S. M. Clark, a teacher of large experience, and always successful, proved the value of intelligent teaching.

Spring term at Warren Summit, No. 7, would have proved more profitable with a better attendance of scholars. The attention of parents is called to this too common fault of this school.

No. 9, Foote's, is growing in numbers and in general efficiency.

Respectfully submitted,

E. E. CLEMENT,	}	School Board.
